## REHABILITATION AND EDUCATION

Each year, through the efforts of trained volunteers and supporting veterinarians, a healthy percentage of the 2,500 birds that come to us are **rehabilitated** and **released** back into the wild. We are proud of this accomplishment!

And it is not just wild birds that benefit from our activities. **Community residents** deeply appreciate knowing that we are there to help and support their concerns for the birds they have rescued.

Our **outreach classes** and **presentations** also help educate the community about the natural history and environmental significance of wild birds.

Through our **volunteer programs** we provide area residents, both adult and youth, with a unique opportunity to have hands-on experience with native wildlife, while making a meaningful contribution to the environment.

## Your support helps with

- Food and medical costs
- Transportation costs
- Bird Rescue Response Line
- Educational materials
- Maintaining our "Educational Ambassador" resident raptors

*With your Bird Rescue Center membership, you will receive our biannual newsletter and a window decal, along with the knowledge that your tax-deductible contribution provides food and medicine necessary for the recovery, rehabilitation and release of wild native birds.*
